# USDA Feeding Partnership COVID-19 Response

*Washington, DC, March 17, 2020*

U.S. Secretary of Agriculture Sonny Perdue today announced a collaboration with the Baylor Collaborative on Hunger and Poverty, McLane Global, PepsiCo, and others to deliver food boxes to students in a limited number of rural schools closed due to COVID-19.

# USDA Feeding Partnership COVID-19 Response

- USDA will utilize best practices learned through a summer pilot program in 2019 to deliver food boxes to children affected by school closures due to COVID-19 in rural America

- Baylor will coordinate with the appropriate state officials to prioritize students who do not currently have access to a Summer Food Service Program (SFSP) site and have an active outbreak of COVID-19

- PepsiCo will generously provide \$1 million in funding to the Baylor Collaborative on Hunger and Poverty to facilitate nationwide distribution in the coming weeks.

- McLane Global will source all items, package the meal kits and oversee the logistics for home delivery. McLane Global makes this home delivery program possible at the same rate as a standard SFSP site.
  - Initial capacity is limited, and additional vendors are requested and encouraged to ensure we can provide food to more rural children as additional schools close

# USDA Feeding Partnership COVID-19 Response

**COMMENCEMENT** Week of March 23, 2020

**GOAL** 1,000,000 meals distributed each week  
The program will ramp up quickly to meet the weekly goal

**EACH KIT CONTAINS**

- 5 days worth of shelf-stable, nutritious, individually packaged foods that meet USDA's Summer food requirements
- Ready-to-heat entrees, Shelf-stable milk, Cereals, Whole Grain Snacks, Fruit Cups, Juices, etc.

**WHO CAN RECEIVE KITS**

The program will start by prioritizing rural students who do not have access to a Summer Food Service Program (SFSP) site and have an active outbreak of COVID-19 in their area.

## **ELIGIBILITY**

Contact the Baylor Collaborative on Hunger and Poverty at

- Have announced school closures for at least four weeks, and
- Are SFSP area eligible, and
- Are rural as measured by the majority of the geographic footprint of the district is designated rural by USDA ([fns.usda.gov/rural-designation](https://fns.usda.gov/rural-designation)), or the majority of the schools in the district are designated rural on the National Center of Education Statistics ([nces.ed.gov](https://nces.ed.gov))
- Proposals that meet criteria will be processed daily. If qualified proposals exceed service capacity, we will prioritize based on highest free and reduced lunch eligibility percentage or identified student percentage under CEP where relevant.
